New York. Oct. 29.—Cotton—Messrs. Hubbard. Price & Co., in their cotton circular tonight say: "A day of comparatively light port recepts, the oversold condition of this market, and the natural nervousness of those short of cotton at present prices, have effected a recovery of nearly the entire loss made at the opening of the market this morning, and resulted in a comparatively firm closing at about last night's figures. The Liverpool market opened at a decline of about one sixty-fourth further by the close, and the extreme figures touched here were about four points under yesterday, from which the recovery above noted was made." Receipts at ports to-day estimated at 46,000 bales, against 59,019 bales last week, and 64,978 last year. The spot market is easy, with 1-16 decline in quotations.
